Lot #s you are interested in: _____

PHONE BIDDER

What is phone bidding?

If you are unable to attend the auction in person, you may participate and bid in real time over the phone with the assistance of a SRMGA volunteer. The volunteer will call you approximately two lots prior to the lot you are interested in bidding on. When your lot is announced, the representative will then bid on your behalf as you listen to the live sale and issue instructions over the phone. You may also wish to leave an emergency **proxy bid** to act as an absentee back-up bid to be executed only if the SRMGA volunteer is unable to reach you by phone during the sale.
